

Declaration of **REACH** Conformity

Registration
Evaluation
Authorisation Restriction of
CHemicals

For below mentioned refrigeration products:

- Ball Valves
- Motor Valves
- Service Valves
- Safety Valves
- Angle Valves
- Sight Glasses
- Filters
- Fittings

According to Reach Regulation Article 3(3), these items are classified as “article“. It means an object which during production is given a special shape, surface or design that determines its function to a greater degree than does its chemical composition. As our “articles“ are not intended to be released under normal or reasonably foreseeable conditions of use, we are exempted of registration according to REACH Regulation Article 7(1).

However, we are responsible of notifications to ECHA (European Chemicals Agency) if our products contain high risk chemical materials, SVHC (Substances of Very High Concern) in the following situations:

- If mentioned in REACH Regulation Annex XIV (list of substances subject to authorization)
- If the substance present those articles above a concentration of %0,1 weight by weight.
- If the substance is not registered for the same specific field of use

According to Annex XIV of REACH Regulation, we confirm that our products do not contain any substance mentioned in the list. If the above mentioned situations are ensured, we will complete the notification of our Products to ECHA for European market.
